Shakespeare in the Parks to Perform "The Merchant of Venice" at Montana Western

Montana Shakespeare in the Parks will hold a free performance of Shakespeare's "The Merchant of Venice" on Friday, July 31, at 6:00 p.m. at the University of Montana Western's Legacy Plaza. Bring your lawn chair, blanket, and a picnic dinner, and enjoy an evening of live Shakespeare!

The Merchant of Venice explores justice, mercy, prejudice, and the longing to belong in a divided world. As Bassanio seeks Portia's hand and Antonio enters a dangerous bond with Shylock, the young Jessica risks everything to leave her father's house in search of love and freedom. Through romance and courtroom drama, Shakespeare examines the cost of exclusion and the transformative power of mercy.

"The Merchant of Venice is one of the most complete plays in Shakespeare's canon," says director Kevin Asselin. "It offers so much for audiences: the young people in the play have a fascinating journey, but it's the deeper questions that Shylock, Antonio, and Portia navigate on a truly human level that I find most compelling as a director."

Montana Shakespeare in the Parks has been bringing the timeless works of William Shakespeare to communities across Montana and neighboring states for over 50 years. Renowned for its high-quality, free outdoor performances, the program aims to make the arts accessible to all, fostering a love for theater and literature in audiences of all ages. Each summer, the cast and crew travel thousands of miles to bring Shakespeare's plays to parks, town squares, and public spaces throughout the region.

This summer, the company performs in 64 communities across five states, including MT, Wyoming, ID, ND, and Wash., serving over 20,000 audience members annually with free performances.

To see the full Montana Shakespeare in the Parks tour schedule, visit <https://shakespeareintheparks.org>.

Montana Western's School of Outreach has brought Montana Shakespeare in the Parks to the Dillon community since 1986 and is a local sponsor of the event. We would like to thank our premier local sponsor, Pioneer State Bank, and our additional local sponsors: McIsaac Appraisal and the UMW Foundation.

Radishes~

Sticking with the season, radishes are early to mature in the garden and come in a myriad of colors from pink to black. They are a good source of fiber and antioxidants like vitamin C to boost immune function. Additional compounds have shown promise for heart health, blood sugar regulation, liver health, cancer prevention and anti-fungal properties. Interestingly the leaves, while often overlooked, have shown the most potential to support healthy blood pressure. Making them into a pesto is a great way to use those. Regardless of the color, they tend to be a bit peppery on the tongue and add a good kick to salads.

Good health is built day by day, starting with real food.

Commissioner James Brown Saves Montanans by Denying Unjustified Insurance Rate Increases

Montana Commissioner of Securities and Insurance James Brown saved Montanans more than \$18 million in Fiscal Year 2025-2026 by denying unjustified insurance rate increases, helping to keep insurance affordable for hardworking Montana families.

Commissioner Brown's actions saved 127,855 Montana insurance consumers a total of \$18,459,920 from July 1, 2025 to June 30, 2026.

"Increasing insurance rates are part of the rising cost of living felt by many Montanans. Consequently, I'm proud of the work my dedicated team here at the State Auditor's office has done to protect Montanans' pocketbooks," Commissioner Brown said.

In FY 2025-2026, the agency reviewed 3,937 rate filings. The volume of rate filings is not controlled by the agency, but rather, by insurers' business needs, regulatory requirements, and market conditions.

Under Commissioner Brown's leadership, the agency began tracking strategic performance metrics in January of 2026, including figures on rate filings and savings. The metrics show that during Brown's 18 months as Montana's Insurance Commissioner, his agency has denied more than \$24 million in unjustified rate hikes.

The Commissioner's office has the authority to deny requested insurance rate increases that fail to meet actuarial standards or statutory requirements. The agency cannot deny justified rate increases; insurers must remain solvent so they can meet policyholder obligations and maintain a stable market.

To learn about the Commissioner's work visit the agency's webpage at <https://csimt.gov/insurance/>.
