Bike Skills Park Coming to the High Trails!

Beaverhead Trails Coalition is excited to announce that we have received funding from the Recreational Trails Program, Trails Stewardship Program, and the Montana Tourism Development Grant Program to build a new bike skills course at the West Trailhead. See the quick details below-

What is it? BTC will be utilizing the 3 acre area at the West Trailhead for the park. It will be a gravity flow trail with jumps, berms, rollers, and other features for non-motorized bikes. It's a place to learn and to play for all ages! The above photo is in Colorado Springs.

When will it be done? We will break ground either late fall 2026 or early spring 2027. We hope the park is open and ready to use by summer 2027.

Who is building it? BTC has selected Integrated Trail Labs as our contractor. They have recently built the pump track in Virginia City and are working on the Bikefill Community Bike Park in Bozeman. We can't wait to see what they build!

How can I help? WE NEED DIRT!!!! If you have a project where you need to get rid of your fill dirt, consider dropping it at the West Trailhead. The more dirt we have, the more features we can build! Help us spread the word to excavators, contractors, anyone who might have dirt and be willing to drop it at the trailhead!

Contact Jamie about DIRT!

The 28th Annual KDBM-AM & KBEV-FM Radio Stations School Supply Drive

We've partnered with Womack's Printing and Photo Shop plus the Elks Lodge.

Last year, thanks to the community's support, we purchased over \$2,800 in supplies for more than 1,000 students plus teachers in Dillon, Twin Bridges, Sheridan, Lima, and six rural schools.

If you wish to donate, please make checks payable to "The School Supply Drive" and mail to KDBM-KBEV Radio

610 N. Montana St. Dillon, MT 59725

Or drop off to Womack's Printing, 126 N. Montana St.

Or you can drop supplies off at either location!

**Elusive catch: Angler snags large paddlefish
that was at large for 22 years**

Trevor Swisse of Sidney not only harvested the biggest paddlefish in Montana in 2026, but the nearly 117-pound female had avoided recapture by fisheries crews and anglers in Montana and North Dakota for 22 years.

"That's the biggest one I've ever caught," Swisse said.

Montana's state-record paddlefish, caught in 1973 in the Missouri River, was 142.5 pounds, but 117 pounds is definitely on the larger end of fish harvested.

Swisse was paddlefishing at Seven Sisters Wildlife Management Area near Sidney on June 12 with his boys, Mason, 15, and Charles, 6, when he snagged the fish.

Regional fisheries manager Mike Backes also was excited with Swisse's catch, but more for scientific reasons.

Backes shared the story behind that jaw tag. The fish was originally caught on April 27, 2004 by North Dakota Fish & Game. Staff were drifting gill nets on the Missouri River about 3 miles upstream of the Highway 85 bridge at Williston. The purpose of the netting was installing jaw tags on paddlefish before the harvest season, which assists with estimating harvest rates and growth rates, and producing a population estimate.

When captured, the fish was 49 inches long from the fork in the tail to the eye and weighed 90 pounds. A jaw tag with number ND7570 was installed on the fish prior to its release.

Fast-forward to June 12, 2026, when ND7570 was caught again by Swisse. This time around, ND7570 was 52 inches long and weighed 117 pounds, gaining three inches and 27 pounds over 22 years.

But trying to estimate ND7570's age is where it really gets interesting. Since the fish was cleaned at Intake, a jaw section was also collected for aging. The age estimate will be completed by Dennis Scarnecchia with the U of Idaho by early next spring.

At minimum, Backes estimates ND7570 at 40-42 years old. He explained female paddlefish make their first spawning migration out of Sakakawea Reservoir when reaching age 18-20, and the fish was at large for 22 years. Females making their first spawning run vary in size but are rarely less than 45-50 pounds.

"This fish was 90 pounds when tagged, so I'm speculating another 10-20 years beyond the first year of being sexually mature," Backes said. "This puts her at a reasonable lower-end age estimate of 52-62 years."

Beaverhead Animal Shelter Open House was a huge success!

Our shelter animals received so much love, several found their forever homes, and our incredible Dillon community came together to support the shelter in such a meaningful way.

Thank you to everyone who stopped by, made a donation, volunteered, or simply came out to show your support. A special thank you to everyone who brought their pets for nail trims with Wag n' Whisker Wash. Because of your participation, 100% of the nail trim proceeds were donated directly to the Beaverhead Animal Shelter to help care for the animals in our shelter.

The free goodie bags were also a huge hit! Thank you to Bark N' Bubbles, LLC for helping make them possible, and to everyone who stopped by to grab one. We'd also like to thank A-C Crazy BBQ and Corgi Coffee for joining us and helping make the day even more enjoyable for our visitors.

We are incredibly grateful to have such a caring and supportive community. Dillon continues to show just how much it cares about local animals, and we are proud to call this community home.

From the bottom of our hearts, thank you for showing up for the animals. We can't wait to see you at our next event!

The Beaverhead Animal Shelter Team

KENNEL CLUB QUILTS & RAFFLE

Kennel Club (a 501(c)(3) non-profit) will be selling quilts of all sizes (baby through queen) at the Farmers' Market on Saturdays. Please come to the Kennel Club Booth to see what is available! The Club is also having a quilt raffle for 2 quilts, with the drawing to be held Saturday, September 12, 2026, at its Farmers' Market Booth.

Tickets are \$5.00 each or 5/\$20.00, and can be purchased at the Kennel Club Booth, 3-D General Store, Hair Care Unlimited, or Womack's Printing. You need not be present to win. Any purchase you make will help Kennel Club sponsor a community spay/neuter clinic in April, 2027.

Cutthroat trout conservation project continues in upper Shields River watershed Work to begin August 10

Montana Fish, Wildlife & Parks, in collaboration with the Custer Gallatin National Forest, will begin additional phases of an ongoing project to conserve native Yellowstone cutthroat trout in the upper Shields River watershed this summer.

Yellowstone cutthroat trout have declined throughout much of their native range primarily due to competition and hybridization with non-native trout species and habitat loss. Yellowstone cutthroat trout populations have especially declined in the upper Shields River watershed largely due to the invasion of non-native brook trout.

This year, fisheries staff will continue removing brook trout from several tributaries to the upper Shields River. The project area is a stronghold for a core conservation population of Yellowstone cutthroat trout at high elevations and the northernmost extent of their range.

This year's phase will begin next week. Work will take place in Dugout Creek and other areas of the upper Shields River basin.

To provide for public safety and comply with the rotenone product label, the Custer Gallatin National Forest will issue a closure order during the time of the project. The closure will be in place Aug. 10 through Aug. 18. The entire upper Shields River drainage on National Forest System lands will be closed to recreational access during the treatment as indicated by the closure order and map, which can be viewed on the Custer Gallatin National Forest Alerts website.

Shooting Facilities Task Force to meet Aug. 10

The Montana State Shooting Facilities and Improvements Development and Oversight Task Force will meet Monday, Aug. 10, from 10 a.m. to 4 p.m. The meeting will be held on Zoom.

The task force is responsible for identifying shooting facility needs in Montana and is tasked with developing a set of recommendations for the development, location and administrative structure of state shooting facilities and improvements.

The public is invited to watch the meeting and participate in the public feedback session.

"We appreciate the passion and participation from the public," said task force co-chair Sen. John Fuller of Kalispell. "Our recommendations will reflect that passion and benefit shooters in the entire state."

Dillon Elks Lodge #1554 News

To the community of Dillon and Beaverhead County
We can at this time give an Update about the catastrophic water
damage we had at the lodge over the last 2 Super Cell thunderstorms
that came through Beaverhead County.

Since the roof drains were put in many decades ago, they were
tied into the city's sewer system that goes down the Alley as all
business were then. These drains in the building are old, when the
deluge of water came down the city sewer system was overwhelmed
and our roof drains were still trying to drain, due the pressure that
was created inside our pipes in the building, some failed and we
had catastrophic water damage in dance floor and big bar area and
in the basement. We are in the process of mitigating the damage
and drying out the lodge. And the process of rebuilding begins

We appreciate all the calls and heartwarming responses from the
community, and we promise we will be back and stronger than ever.

We always welcome new members to the lodge to help us in
our community service and veterans project inquire at 683-5552,
925-9184 or go to Discoverelks.com

Brandon Turney, ER
Dillon Elks #1554

The American Legion Post 20 Health Equipment Loan Program

The American Legion would like to thank the Dillon community
for its amazing and continued support of the Health Equipment Loan
program. Your donations are appreciated. All health equipment is
available for anyone in need. You do not have to be a veteran.

As a reminder, it is the individual's responsibility to thoroughly
clean the equipment prior to returning it. Recently we have had
equipment dropped at our storage facility located near the Search
& Rescue building, or at our meeting hall on Glendale Street with
no contact information. Unless you notify a volunteer, or include
your name on the equipment, it is impossible for us to know who
returned it.

We ask that you please contact Jodie Jolly at 406-925-3563,
Dick Jackson at 406-461-0325, Frank Allen at 406-660-7022, or
Sharon Andersen at 406-660-1231 to assist with any returns.

Respectfully,
Mark McGinley, Commander,
American Legion Post 20

Bobcat Lakes Fire Update for August 6

SAFETY MESSAGE: Firefighters with multiple hand crews are working on the road along the Pioneer Mountains Scenic Byway. Fire managers are urging people to SLOW DOWN or avoid the area on the Byway due to increased fire equipment traffic, as increasing smoky conditions limits visibility. Ensuring public and firefighter safety and protecting life and property are of the utmost importance.

CURRENT STATUS/ACTIONS: Wednesday, fire behavior was active. A large smoke column with intermittent tree torching could be seen from the Scenic Byway. An infrared flight mapped the fire perimeter at 2,704 acres. Firefighters continued structure protection northwest of Jerked Prairie. Crews will complete fuel break and structure protection around private residences along the Scenic Byway between Lacy Creek and the 4th of July Campground.

WEATHER AND FIRE BEHAVIOR: A local Red Flag Warning had been issued from 12:00 PM to 9:00 PM for the area Thursday. High pressure will build in the region bringing a warming and drying trend to the fire area over the next several days.

CLOSURES AND RESTRICTIONS: An area closure, which includes all Forest Service system lands, roads, trails, and both dispersed and developed campgrounds, is in effect west of the Pioneer Mountains Scenic Byway. The closure extends from Pettengill Road to Lacy Creek Road and includes a section of the Scenic Byway beginning one mile north of Lacy Creek Road (FSR 1299) and ending one mile south of Pettengill Road.

Sand Creek Fire Update for August 6

Size: Estimated at 1,684 acres. Smoke columns were visible yesterday as fire activity increased in the southwest and north sections of the fire. An infrared flight was conducted over the fire area to gain accurate perimeter mapping. Aerial resources successfully conducted a radio repeater mission, allowing for increased communication abilities on the fire. The hot shot crew continue to work along Steel Fox Road.

A Temporary Flight Restriction (TFR) is in place over both the Bobcat Lakes and Sand Creek Fires. Forest Service Road 2420 is closed to the public.

Full-service excavation & gravel company
 delivering comprehensive solutions,
 including streams and waterways, site
 preparation, grading, drainage systems,
 and land clearing.
 Committed to precision, efficiency, and
 quality workmanship for both residential

Project**

The City will be completing the Street Preservation Project during the week of August 9, 2026 through August 16, 2026. Work schedule is provided below. Projected time frames for the work on Montana Street and Idaho Street will start at approximately 6 a.m. and should be opened back up by Noon, weather permitting. The work on the residential streets will start at approximately 7 a.m. and they should reopen by 5 p.m., weather permitting. Please have all vehicles, campers, boats, etc. off the streets during this time. If vehicles are not moved they will be towed at the owner's expense.

- 8/9/26: Montana Street from Helena to Reeder and Washington Street from Helena to Reeder.
- 8/10/26: Idaho Street from Reeder to Orr and Pacific Street from Reeder to Poindexter.
- 8/11/26: South Washington Street from Reeder to Poindexter
- 8/16/26: Idaho Street from Helena Street to Reeder and Pacific Street from Helena Street to Reeder
